

Deluxe Quick Release Harness

Item # BC1080Q

Packaging contains:

- 1) Harness webbing assembly (6 ft section of 2" webbing with stainless steel grommet)
- 1) Right waist strap assembly set (3.5 ft two-inch webbing with one 2" "D"-ring)
- 1) Left waist strap assembly (3.5 ft two-inch webbing with "D"-rings and quick release)
- 3) Stainless steel Belt Slide
- 2) Plastic 2" "grip" Belt Slide
- 2) Stainless steel "D"-ring
- 1) Bent stainless steel "D"-ring
- 1) Stainless steel waist strap release buckle
- 1) Left chest strap assembly
- Right chest strap assembly 1)

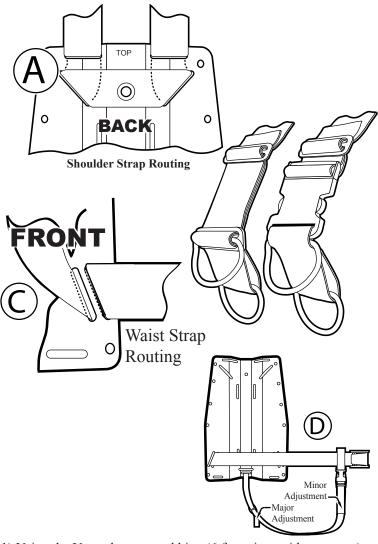

This harness now utilizes "Mil-Spec" polypropylene webbing for strength and comfort. It also features tubular webbing sleeves wherever the harness would normally be in contact with a metal backplate to minimize wear.

The Dive Rite deluxe harness fits on all Dive Rite back plates. Great for technical diving with a back plate. Swivel points on the shoulder straps and a chest strap ensure a comfortable fit. The quick release buckle allows for easy don/doff of the harness.

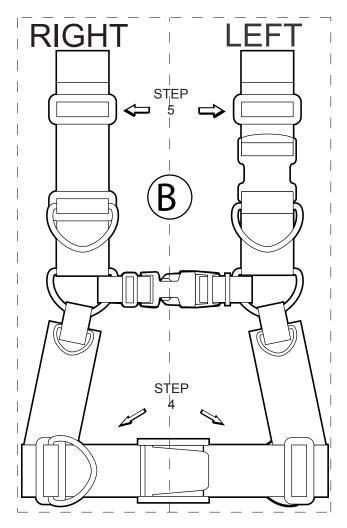

Crotch Strap not included © 2002, Lamartek, Inc. dba Dive Rite 175 NW Washington Street Lake City, FL 32055€ USA

Threading Deluxe Harness with Quick-Release

- 1) Using the Upper harness webbing (6 foot piece with grommet), thread the webbing through the upper shoulder strap slots, as shown in Figure A, centering grommet over the upper tank bolt hole.
- 2) Using right waist strap assembly (without quick-release buckle), weave the tail end through left (as you are looking at the front of the back plate) waist slot set starting from the front, through the inner slot, back out through the outer slot.
- 3) Repeat step 2 with left waist strap assembly (with quick release buckle).
- 4) Install one 2" belt slide and one 2" D-ring on each tail of waist straps.
- 5) Using diagram above, install one plastic "grip" 2-inch belt slide on each shoulder strap.
- 6) Install one 2" belt slide with one 2" bent "D"-ring on right shoulder strap.

- 7) Weave the tail of the right shoulder strap through the "D"-ring located on the waist straps as shown. Then weave the webbing back through both 2" belt slides (S/S and "grip").
- 8) Weave the tail of the left shoulder strap through the slot in the quick release buckle on the left waist strap. The weave the webbing back through the 2" "grip" belt slide.
- 9) Using right chest strap assembly (with buckle), loop webbing through right side pivot "D"-ring and weave back through plastic belt slide.
- 10) Using left chest strap assembly, loop webbing through left side pivot "D"-ring and pull tail through ring.
- 11) Weave tail of left chest strap assembly through the slots in the quick release buckle of the right side chest strap assembly.
- 12) Install the crotch strap components, as shown in figure "D".
- 13) Install the waist strap release buckle on the same side of the waist strap as the crotch strap loop is installed.
